

**Shrirang Kahale**

alias: albonycal • shrirangkahale1@gmail.com

**Objective**

Cybersecurity professional with a strong interest in ethical hacking, penetration testing, vulnerability analysis, and network security. Hard-working, energetic, personable, and technical-minded individual. Possess exceptional customer service and communication skills with the strong ability to multitask and resolve issues quickly. I also possess:

- Experience in scripting languages including Bash & little bit golang
- Excellent task management. Ability to handle multiple projects simultaneously.
- Experience with security toolkits such as Kali Linux, Metasploit, and Burp Suite .
- Proficient in translating information from technical to executive/management terminology.
- Linux administration skills including managing servers and deploying virtual machines using hypervisors like proxmox.
- Network Administration skills including managing network, deploying DNS servers , OpenVPN & managing internal servers.

**Courses & Certifications**

- Practical Ethical Hacking (TCM sec)
- CCNA course (David Bombal)

**Experience*****Self-teaching***

Learning linux & experimenting with the raspberry pi platform.

Bash scripting. Ethical Hacking , Penetration Testing & bug hunting

Deploying webserver & hypervisors like proxmox

Managing my home lab.

**Projects**

**Github:** [github.com/albonycal](https://github.com/albonycal)

Opensource projects related to Ethical Hacking & linux related scripts & dotfiles

**CTFs**

I have participated in the following CTFs

Hacker101 CTF

Intigriti XSS Challenge

SecurityTrails ReconMaster Competition

GenericUniversity Vulnerable Application

OSINT Challenge

**Volunteering**

\* Bugcrowd Tipjar

- Contributed to bugcrowd tipjar project, helped in gathering cybersecurity resources for beginners
